

REIGN OF BOSS MURPHY IS ENDED

STERILIZATION IS ONLY BILL NOT CARRIED AT POLLS

LEGISLATURE IS UPHOLD BY THE PEOPLE

University of Oregon Appropriation Carried the Whole State Two to One and Better—Workmen's Compensation Act Went Through by a Still Larger Vote, the Proportion Being About Three to One.

United Press Service
PORTLAND, Nov. 5.—According to practically complete returns from all parts of the state, the voters yesterday upheld the acts of the last legislature by approving four of the measures passed by the legislature which were referred to the people under the referendum act.

The only measure to lose was the sterilization act. This was defeated by a small margin. The greatest opposition to this bill was in Multnomah county.

The two University of Oregon measures passed by a vote of two to one. This assures the proper buildings for the institution, and the defeat of the Parkhurst fight against the advancement of the school.

The workmen's compensation act carried the state by the greatest vote of the election. The result was practically three to one in its favor.

The county attorney measure passed by a somewhat smaller vote, but nevertheless, its adoption was decisive.

Exact returns on the vote in Klamath county will not be available until the official canvass of the vote is made. A very light vote was cast, there being but little interest manifested.

Ballot boxes are being brought in from the various polling places, but the men bringing them did not take the trouble to secure an abstract of the vote. All say that all of the measures were strongly supported.

\$30 FOR \$1 IN POPCORN TRADE

SO SAYS AN EXPERT WHO WORKS FOR UNCLE SAM, AND HE EXPLAINS HOW TO MAKE THIS ENORMOUS PROFIT

Thirty dollars' worth of popped corn in the form of 5-cent packages for the market represents an outlay of only about \$1 or \$1.50 for raw material, according to a farmers' bulletin (No. 552) just issued by the department of agriculture entitled "Pop Corn for the Home." Sufficient pop corn to make \$30 worth of 5-cent packages can be grown on a piece of land 40 feet long by 20 feet wide.

The specialists in corn investigations who write this bulletin say that pop corn has considerable value as a food, and when properly prepared for the table it is superior to many of the breakfast foods now on the market. It is customary on many farms where pop corn is not desired as a market crop to plant a few rows for home use. This phase of farming usually interests the children, and it is well to let them do the planting.

If it is desired to grow pop corn as a field crop, the surplus stock not wanted for home use can usually be sold to local merchants at a fair price or it can be profitably sold directly to consumers.

FEDERAL TROOPS BESIEGING CITY

HAVE CONSTITUTIONALISTS BOTTLED UP AT TORREON, AND WILL TRY TO STARVE THEM OUT—ARTILLERY THERE

United Press Service
EAGLE PASS, Tex., Nov. 5.—It is reported here that 15,000 federal troops are besieging Torreón attempting to starve out the constitutionalists, who hold the city.

The federals have trained heavy artillery on the city, and threaten another assault if there is any resistance.

CAN'T SELL BOOZE ON OHIO TRAINS

ATTORNEY-GENERAL PUTS THE BAN ON LICENSES ALLOWING PERSONS TO DISPENSE LIQUOR IN THIS WAY.

United Press Service
COLUMBUS, Ohio, Nov. 5.—Beginning today, you'll have to go thirsty or be reduced to the awful extremity of sipping pure, cold water, if your throat becomes parched and your lips feverish whilst riding on railroads in the state of Ohio.

There is, of course, the alternative of grape juice, soda pop, or ginger ale, if you won't drink water.

Attorney-General Hogan, in looking over certain parts of the state constitution, found that moving saloons were prohibited. He informed the state liquor license commission of his discovery, and all licenses to sell "wet goods" on trains are void today.

MURPHY RECALLED SAYS Wm. SULZER

SATISFIED HE PLANTED A SOLAR FLEXUS BLOW IN TAMMANY'S RANKS, AND SAYS MURPHY IS EXCESS BAGGAGE.

United Press Service
NEW YORK, Nov. 5.—Boss Murphy has now learned how the recall operates when placed in the hands

William Sulzer

of the people," said former Governor William Sulzer today. Sulzer was

Tiger Is Downed by New York Voters

More States Enlist Under the Democrat Banner

THREE WHO WON OVER TAMMANY—From left to right, Charles S. Whitman, prosecuting attorney; John Purroy Mitchell, mayor of New York; George McAneny, president of the board of aldermen. All were candidates on the Fusion ticket.

United Press Service
NEW YORK, Nov. 5.—The voters of New York have recalled Charles W. Murphy, the Tammany boss.

This is the general interpretation of the municipal and general elections yesterday, which resulted in a general upsurge for the progressives and the fusionists.

As a result, there is very little patronage to be distributed to adherents of Tammany hall. The Tiger faces the leanest four years in the history of the organization.

Leaders of Tammany are angered and chagrined as a result of the election. They are disposed to blame Murphy for the defeat.

It is expected that there will be a new deal and a new head for Tammany before the next election.

Complete returns from the city give John Purroy Mitchell, the fusion candidate for mayor, a plurality of 115,628 votes over McCall, Tammany's entrant.

United Press Service
WASHINGTON, D. C., Nov. 5.—President Wilson today telegraphed congratulations to the winners in New Jersey, Massachusetts, Maryland and in Cleveland. He feels that the dem-

ocratic victories in these places vindicate him, especially in the state elections, where the tariff bill and the administration policies were issues.

United Press Service
TOLEDO, O., Nov. 5.—Republicans last night elected to the assembly on the Progressive ticket by an overwhelming majority.

"Murphy took the people's power himself and recalled me because I did not turn the state over to him. Now the people have recalled him."

"The people of the state have condemned Murphy by their ballots. His puppet candidates were beaten everywhere, and Tammany is tottering under the weight of a discredited boss."

"I have the satisfaction of knowing that I struck Tammany the hardest blow it has received since the days of Boss Tweed."

Sulzer urged the adoption of the direct primary, the referendum and the recall.

St. Leonard's, Tiverton, near Mine Head in Devonshire, is one of the smallest and quaintest churches in England. It has no steeple, but it has two chimneys and it is thatched with straw. The date of its construction is lost in the mists of antiquity.

TOLEDO, O., Nov. 5.—Republicans

MANY KILLED ON ALPS THIS YEAR

EIGHTY-EIGHT PER CENT OF THE FATALITIES WERE THE RESULT OF AVOIDABLE ACCIDENTS.

United Press Service
BASEL, Switzerland, Nov. 5.—One hundred and sixty-five Alpine climbers were killed during the season just closed, according to government statistics available today.

The killed include fourteen women and four guides.

By nationalities the victims were: Austrians, 46; Germans, 49; Italians,

carried the city yesterday for the first time in sixteen years. Keller was elected mayor by a large plurality.

United Press Service
CINCINNATI, O., Nov. 5.—Judge Frederick Spiegel and the entire republican ticket were elected at yesterday's city polling. This restores to power the Cox machine.

United Press Service
TRENTON, N. J., Nov. 5.—The latest state wide returns give Fleider a plurality of 18,000 for governor. A democratic legislature is also a certainty.

United Press Service
CLEVELAND, O., Nov. 5.—The socialist ticket carried in Shelby, Canal Dover and Coshocton, all third class cities. The socialist vote in Columbus was less than a third of the total polled in 1911.

United Press Service
INDIANAPOLIS, Ind., Nov. 5.—The democrats carried thirty-eight city elections in Indiana yesterday. The republicans won in eighteen cities and the progressives in ten.

7; French, 6; English, 4; other countries, 9.

It is estimated that 88 per cent of the fatal accidents could have been avoided if the climbers had taken proper precaution and observed simple Alpine rules.

The principal causes were bad weather, searching for flowers in dangerous places, slipping and the breaking of snow-bridges.

At the request of the government of China a Chinese student has been assigned as aid in one of the field parties of the United States geological survey.

The road to Shippington is just as bad as of old—either mud or dust, with no immediate prospect of improvement. We may live in hope, but may die in despair. The council should look after this much travelled thoroughfare, which now is little more than a streak of mud and a right of way.

LEWIS WAIVES EXAMINATION

IS CHARGED WITH SHOOTING A COIT BELONGING TO A NEIGHBOR—RELEASED UNDER BOND THIS AFTERNOON

W. W. Lewis, who operates a ranch south of this city, was brought before Justice of the Peace Gowen today, charged with shooting a coit. The complaint was made by James W. Jory, who says the coit strayed to Lewis' place through a broken gate.

Lewis waived his preliminary examination, preferring to go direct to the grand jury. He was liberated on \$500 bonds.

AUTOS RACING OVER A DESERT

MUST FINISH WITHIN A TIME LIMIT OF FORTY HOURS IN ORDER TO BE IN ON THE PRIZE MONEY.

United Press Service
EL PASO, Texas, Nov. 5.—Fifteen cars today are competing in a 531-mile auto race from El Paso to Phoenix, Arizona, over the Borderland route. Four thousand dollars in cash will be divided among the first four cars finishing within the required time limit of forty hours.

The race will end tomorrow at the Arizona state fair grounds. The roads are in good shape and the winning car is expected to do better than eighteen hours for the distance. A night control has been arranged at Douglas, Arizona. There are checking stations all along the Borderland route.

DANISH WOMEN ALSO TO VOTE

LOWER HOUSE PASSES MEASURE BY AN OVERWHELMING MAJORITY, AND PEERS CAN SCARCE DO OTHERWISE.

United Press Service
COPENHAGEN, Nov. 5.—Votes for women today is regarded as a certainty, following the passage in the lower house of parliament of the constitutional amendment bill by an overwhelming majority.

The same bill, which went through the lower house last year, was wrecked in the upper house because besides providing for general female enfranchisement it also embodied reform of the house of peers. Enemies of the measure tacked this on in a last desperate measure to defeat what was popularly demanded.

At the last general election the progressives were returned in increased numbers, and it is believed now that in these circumstances the peers will not persist in opposing full and complete suffrage for women.

Redfield Reiterates Intentions.
Before board of commerce of Flint, Mich., Secretary Redfield of the department of commerce reiterated his statement that should wages be reduced because of the new tariff his department would make a searching investigation into conditions in the manufacturing industries. His department will soon begin an investigation of public utility corporations.

MEET TO ARRANGE MARKET DAY PLAN AT 7:30 TONIGHT

ALL INTERESTED ARE URGED TO ATTEND

Farmers and Business Men Will Meet to Discuss Proposed Institution. Business Houses Planning to Offer Special Prices for Cash Sales on the Days Designated for Market Day—All Are Interested

Tangible plans toward instituting Market Day will be discussed this evening at the Klamath Chamber of Commerce, when business and professional men and Klamath county farmers will meet to outline the proper plans for such a day. All who can attend are urged to do so.

The general plan for Market Day is the designation of a certain day each week, or each month, when the farmers will bring products, livestock, machinery, etc., that they wish to dispose of, to Klamath Falls. A big auction will be held, and these articles will be disposed of to the highest bidders.

In this way farmers in the different parts of the Klamath country will be brought closer together than ever before. Besides their monetary savings a spirit of co-operation will be built up. Farmers throughout the county are enthusiastic over the plan. They say this feature has long been needed.

The merchants of Klamath Falls are also strong in their endorsement. The majority have announced their intention of offering special reductions in prices of goods each Market Day.

MICHIGAN WOMEN DEMAND THE VOTE

FOLLOWING TWO SUCCESSIVE DEFEATS, A THIRD CAMPAIGN, STRONGER THAN EVER, IS TO BE INSTITUTED SOON.

United Press Service
JACKSON, Mich., November 5.—Another campaign for votes for women is to be waged in Michigan in the near future. Undaunted by two successive defeats at the polls within six months' time, and declaring they will have detective honeycombing the state to prevent a repetition of the frauds which defeated them the last time, members of the Michigan Equal Suffrage Association gathered here today in annual convention. Plans for launching the third campaign were discussed today.

Mrs. Clara B. Arthur of Detroit, retiring president of the association, and Mrs. Edna Blair of Hillsdale, state organizer, reported that sentiment among the women of the state was almost unanimous in favor of another immediate attempt to "win the ballot for women and the right of representation." Committee will be appointed during the convention to determine upon details.

Mrs. Arthur submitted her resignation formally today. She has been connected with the organization for twenty years, has been its president since 1906, and has led the two statewide campaigns for the ballot.

Mrs. Blair of Hillsdale, Mrs. Catherine Bartlett Crane of Kalamazoo, and Mrs. Frederick H. Holt of Detroit are regarded as the most likely candidates to succeed Mrs. Arthur.
